A HERSHEY CHRISTMAS! HOW SWEET IS THAT...!

LUNCH AT THE MILL

The building that is now The Mill has been well known locally as The Curry Feed Mill since 1880. The original building served as a warehouse to store grain and feed for the J.H. Balsbaugh & Company Mill operations. In 1906, John B. Curry procured the building after Milton S. Hershey purchased John's first mill located along the Spring Creek near Swatara Station. A flour mill was added to the operations in late 1907. Due to local demand at the turn of the century, John began distributing coal from this location in addition to the milling business. Upon Mr. Curry's death in 1913, the business was given to his three sons.

A 70 minute guided bus tour will take you to the center of Hershey where you will see the original factory, Hershey Kiss Streetlights, and Chocolate and Cocoa Avenues all come together. We will see Hershey's new factory on the west side of town, spend time on the campus of Milton Hershey School and see the whole town from the top of the hill where the Gardens and Hotel Hershey are located.

We will then be transported to **Chocolate World** where we can browse the museum and do a bit of shopping. Next we will hop back on our own tour bus and drive through **Sweet Lights!**
